Information to Prospective Applicants

The Principal of Ursula Frayne Catholic College, Victoria Park WA, invites applications from appropriately qualified and experienced educators for the position of teacher.

It is through the work of teachers and all those who work in collaboration with parents and pastors that will substantially determine whether or not our school realises its aims and accomplishes its objectives. Every adult member of our community contributes to the education and formation of students as part of a shared stewardship. All jobs within the College are designed to support the mission of the School. As such, the College views all members of staff as “teachers” in as much as it recognises that the service given, even if not in a classroom, supports an environment wherein students are witnessing professional and dedicated behaviour. All members of staff contribute to those intangibles of tone and ethos which can have a profound impact upon a student.

However the quality of the teachers in particular, because of their close and consistent interactions with students, is critical to both the kind of atmosphere that is nurtured in the College and the accomplishment of our College goals and programs. Teachers reveal the Christian message not only by what they say but also by their actions. It is often said that students will ‘learn a teacher’ faster than they learn the subject matter they are being taught. This requires teachers to be mature adults who possess a blend of professional and personal qualities and characteristics and consider teaching a vocation.

Teachers who choose to work in a Catholic school such as Ursula Frayne Catholic College are not only expected to fulfil legislatively mandated professional standards but are also called to a ‘*supernatural Christian vocation*’ (*Lay Catholics in Schools: Witnesses to Faith* [LC], The Sacred College of Education, 1982, # 37). As such, the work of a teacher in this context can be described as both a *profession and a ministry*. Usually, these orientations complement each other successfully; sometimes they can be confusing and contradictory for teachers and students. An awareness and appreciation of these complementary dispositions can lead teachers to undertake both aspects effectively.

About the College

As a *learning and faith sharing community, Centred in Christ*, Ursula Frayne Catholic College is a Catholic, Kindergarten to Year 12 co-educational College in the Mercy tradition. As such, the College caters for approximately 1325 students and is committed to the development of young people, academically and spiritually.

In its current form, the College was established in 1990 after the amalgamation of St Joachim’s Primary and High Schools and Xavier College. It operates on two sites located at Balmoral Street, East Victoria Park (Kindergarten-Year 6) and Duncan Street, Victoria Park (Years 7-12). Both campuses are situated south of the Swan River within 5 kilometres of the Perth CBD and are closely linked with the parishes of Our Lady Help of Christians in East Victoria Park and St Joachim’s in Victoria Park.

In order to cater for the specific developmental needs of our students, the College has established four, separate sub-schools: the Preparatory (Kindergarten-2) and Junior (3-6) Schools [Balmoral Street campus] and the Middle (7-9) and Senior (10-12) Schools [Duncan Street campus]. Each sub-school is overseen by a Head of School and operates as “a school within a school”.

Preparatory School

The Preparatory School is driven by a commitment to provide a nurturing approach, stimulating classroom environments and a comprehensive Early Childhood education. This is undertaken through the careful crafting of a Kindergarten, Pre-Primary, Year One and Year Two program, which seeks to satisfy children's cognitive, spiritual, physical, social, emotional and creative needs.

By acknowledging a child's developmental benchmarks, a relevant and meaningful curriculum can be delivered. Purposeful play, direct sensorial experience, physical engagement of innate curiosity, the valuing of serendipity, and exposure to acquiring knowledge in a variety of ways are some of the strategies employed to scaffold the learning process. Specialist teachers in Student Support, Health & Physical Education, the Arts and the Library provide the students with a diverse range of experiences that enrich the curriculum.

Our philosophy is based on building solid foundations that encourage the blossoming of the 'whole person', from which our students will invariably draw upon as life-long learners.

Junior School

The Junior School's curriculum reflects the College's vision to create an educational community centred in Christ where opportunities are provided for students to develop in all areas. Specialist teachers in the areas of Music, Drama, Physical Education, Languages Other Than English (Italian or Japanese), Library Studies and Student Support assist classroom teachers and students to achieve these aims.

The focus in the Junior School is to consolidate and build on the skills acquired in the Preparatory School and to use these skills to further student learning. Emphasis is given to developing independent learners with higher-level thinking skills, problem solving skills, communication skills and social skills. We believe that this emphasis, nurtured in a faith community based on Catholic values, will prepare our students for a technological world where flexibility, adaptability and well-developed thinking skills will define success.

Middle School

The term "Middle Schooling" is used to describe a particular phase of a young person's formal education. This important phase bridges the gap between the traditional primary and secondary approaches to education with a view to responding more effectively to the specific developmental needs of students in the upper primary and lower secondary years (roughly ages 11-14).

The Middle School provides academic rigour in the core subjects while stimulating the interests of students with an exciting array of elective subjects and co-curricular opportunities. As such, the curriculum of the Middle School is designed to be specifically sensitive to the developmental needs of young adolescents in the 11-14 years age group. The College strives to foster an environment based on harmonious working relationships, responsibility and mutual respect while endeavouring to excite and stimulate students towards the notion of life-long learning and dealing with change.

Senior School

The Senior School at Ursula Frayne Catholic College caters for students in Years 10, 11, and 12 where preparation for life beyond secondary school is a key focus. This preparation incorporates three interrelated aspects: the spiritual dimension in which all students are nurtured to grow in wisdom and love; the pastoral dimension encouraging resilience, independence and social awareness; and an individual, academic focus promoting rigour and excellence. This philosophy consolidates the student-centred learning pedagogy used in the Middle School and senior students are encouraged to accept greater responsibility for not only what they learn, but also how they learn.

To this end, the Senior School has the goal of providing students with the opportunity to select courses according to their specific needs, interests and career path and places great importance on the extension of students.

Roles and Duties of a Teacher

The teacher has primary responsibility for the quality of learning and teaching in the College. The status of the teacher as a professional with high order knowledge in the discipline(s) she/he teaches underpins the ascribed duties.

Teachers also have a particular focus for the care of students and their pastoral well-being. They have a key role in fostering and maintaining an atmosphere of genuine pastoral care for all students.
